BENEFITS

Adjustable solutions with FlexStor™
As your family changes and grows, so do the requirements of your fridge. With FlexStor™ you enjoy the convenience of being able to easily change the configuration, whatever your needs. Adjust the height and position of the door bins to fit in large and smaller items and arrange your fridge your way.

Humidity controlled crisper
Offers an ideal environment for preserving fruit and vegetables, as well as having a removable crisper front for easy cleaning

Twist ice and Serve
Whether its for an afternoon juice or a whisky on the rocks, the easy to access bin ensures you always have ice to hand. Just fill the tray, freeze, then twist. Ice when you need it

Easy to clean with glass shelves
Glass shelves improve visibility and are easy to clean

1/3 width bins	2

FREEZER COMPARTMENT

ICE FACILITY

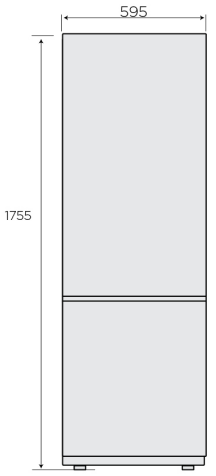
Twist ice and serve	2

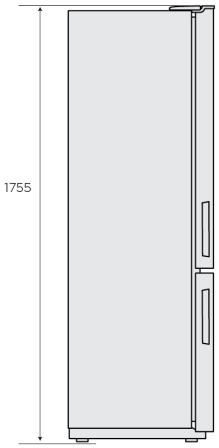
FREEZER DOOR

INTERNAL

Freezer door bins - half width	1
Freezer door bins - full width	2

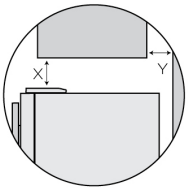
Dimensions



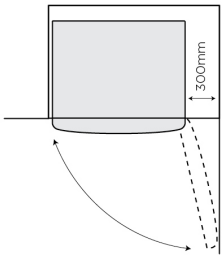


Recommended minimum clearances

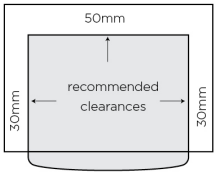
Please note: Doors are designed to sit proud of cabinetry (not flush).



If you have a cupboard above the refrigerator with a rear gap of less than 100mm (Y), recommended minimum clearance at the top of the refigerator increases from 30mm to 70mm (X).



When positioned in a corner, the clearance must be at least 300mm on the hinge side to allow the door to open enough so that bins and shelves can be removed. For easy removal of crisper it is recommended to remove bottle door bin first if minimum clearance in the corner on hinge side is less than 350mm.



Terms and Conditions

IMPORTANT

This is a guide of product dimensions only. For complete installation instructions, refer to the manual provided with product.

PRODUCT INFORMATION

The descriptors and illustrations in this publication apply to the specific products and models described as at the date of issue. Under our policy of continuous productdevelopment, product specifications may change without notice.
