BENEFITS

Endless possibilities with FlexSpace™
 Designed to suit your ever-changing needs, the extra spacious French door design delivers a wider fridge capacity with FlexSpace™. Perfect for party platters or lots of fresh food, you'll love having everything at eye level so you can easily check all the contents with just a glance.

Adjustable storage solutions with FlexStor™
 As your family changes and grows, so do the requirements of your fridge. With FlexStor™ you enjoy the convenience of being able to easily change the configuration, whatever your needs. Adjust the height and position of the door bins to fit in large and smaller items and arrange your fridge your way.

Get organised with the FlexFresh™ Crisper
 Not every grocery shop is the same. Sometimes you need extra room for things like celery, while other times you need equal space for your fruit and vegetables. That's where the adjustable crisper divider comes in. Created to provide greater flexibility, it can be adjusted lengthwise to give you the space you need.

Spillsafe™ glass shelves
 From time to time, accidents happen. And when they do, you want to minimise the extent of the damage. Spillsafe™ shelves can capture up to one litre of liquid, so you can contain the spillage to just one shelf instead of the whole fridge.

Dimensions

When positioned in a corner area, clearance of at least 300mm on the hinge side will allow the doors to open enough to enable the removal of bins and shelves.

Recommended minimum clearances

Please note: Doors are designed to sit proud of cabinetry (not flush).

Please note: If gap (Y) is not a minimum of 100mm, then gap (X) increases from 30mm to 70mm minimum.
