90cm 4 zone induction cooktop with BoilProtect, FlexZone, Hob2Hood, PowerBoost and Pause function.

Product Details

FEATURES

BoilProtect	FlexZone	Hob2Hood	PowerBoost
Pause	QuickCook Timer	Perfect heat control	Touch slide control
Easy cleaning	Residual heat indicator	Child safety device	

BENEFITS

No more boiling over
There are more exciting things to do than watching water boil. BoilProtect detects rising bubbles and automatically reduces to a low simmer. No more constant monitoring so you can focus on the flavours. Applies to stainless steel and enamelled pots filled with water only.

FlexZone gives you room to move
Cater for larger pots and pans with Flex Zone. Designed with busy family kitchens in mind, Flex Zone lets you use two induction zones separately or link them together when you're cooking for a crowd.

Slide for instant temperature control
Easy touch slider control allows you to choose your temperature setting instantly with the slide of a finger.

Zero to Boil in no time
With PowerBoost, you can rapidly boil a pot of water or quickly heat up a frying pan. Spend less time waiting and more time creating your favourite meals.

Hold everything with our clever Pause function
We know that family life is full of distractions. That's why you'll appreciate our clever Pause function. Simply touch the Pause icon on your cooktop and all operating induction zones will drop to the lowest setting. When you're ready to go again, hit Pause again and settings will return to where you left off.

Clear the air with Hob2Hood
With Hob2Hood technology, compatible rangehoods work seamlessly with your induction or ceramic cooktop to clear your kitchen of cooking smells and steam. As you start cooking, the rangehood will automatically turn on then intuitively adjust the fan speed and airflow to match your cooking. How's that for hands-free convenience?

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	2
Cooktop type	induction
Materials/Colour	black ceramic glass

DIMENSIONS

Total product height (mm)	46
Total product width (mm)	910
Total product depth (mm)	520
