

322L Single Door Refrigerator, Silver with 3.5 energy rating, full width fruit & vegetable drawers, deep door bins and Quick Chill cooling boost

Product Details

FEATURES

Full width fruit and vegetable drawers

Deep full width door bins

Adjustable & easy to clean glass shelves

Quick chill function

Full width airflow

Reversible doors

BENEFITS

Keeping things organised

Storing fresh food has never been easier. With 2 full width drawers, keep fruit in one box and vegetables in the other.

Free up your fridge shelves

From the largest bottles to the smallest jars, use the 4 full width door bins to free up your shelves in your fridge. The big balcony stores tall and large bottles inside the door.

Strong, adjustable & easy to clean

High quality tempered glass shelves provide strong, sturdy support for all types of food and containers. Move them up and down your fridge to suit multiple heights, and being glass they are easy to remove and clean

Cool it Quickly

Load your fridge after a grocery shop, activate the Quick Chill function to lower the temperature faster than normal, cooling your food faster and helping it stay fresher for longer

Even Distribution

With air ducts on each shelf, cool air is evenly distributed throughout, maintaining the right temperature and humidity levels to get the best performance from your fridge.

Reverse the door

With a reversible door, position your fridge as either a left or right opening to suit your kitchen

Minimum Recommended Airspaces

If you have a cupboard above the refrigerator with a rear gap of less than 100mm (Y), recommended minimum clearance at the top of the refrigerator increases from 30mm to 70mm (X).

Please note: Doors are designed to sit proud of cabinetry (not flush).

When positioned in a corner area, clearance of at least 350mm on the hinge side will allow the doors to open enough to enable the removal of the bins and shelves.

Dimensions	Product Height (H)	Product Width (W)	Product Depth* (D)	Product Depth (D2) (Door Open)
